

PET OF THE MONTH

Fancy a Glass?

Harry did! In fact he fancied it so much that he ate the whole thing! Harry is a head strong one year old Bernese Mountain Dog who has been keeping his owners on their toes recently. He is one of our Puppy School graduates, so we know and love him well. He has a fascination with cups and glasses and will go out of his way to find any and help with the tidying up!

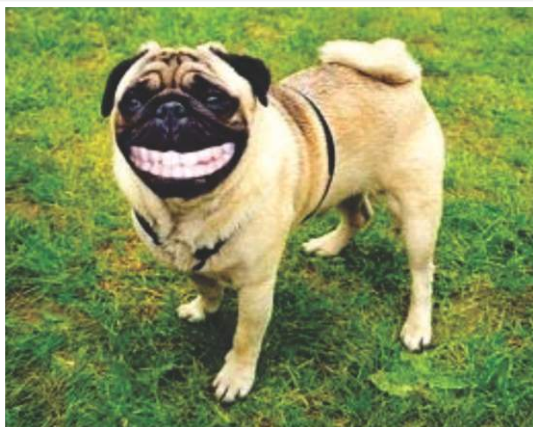

After realising what happened, his alert owners quickly fed him a large starch meal which encapsulated the glass. This allowed all of the glass fragments to pass through his system without causing any long term damage. We monitored Harry closely and performed several X rays to follow the progress of the fragments. There were a few large pieces, but fortunately he avoided needing surgery to remove them! He is such a cute, friendly boy, that he is very easy to forgive.

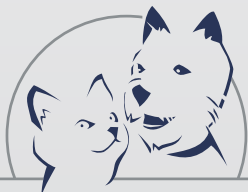

Harry

SMILE - IT'S DENTAL MONTH!

August is just around the corner and once again we are **discounting our dental procedures** and offering **FREE Dental checks** to make it easier for you to give your pets the fantastic gift of **clean teeth, fresh breath and a healthy mouth**. With each dental your pet receives free check-ups 1 week and 6 months afterwards and we will help you to continue to keep their teeth sparkling clean.

Grade 1 dentals (descale and polish without extractions) start from just **\$180.00**. Contact us **Now** on **3353 6999** to reserve your place as appointments are filling quickly.
